

SAFETY INFORMATION NOTICE

SUBJECT: NAVIGATION
Replacement of non-conforming altimeter indicators
For the attention of

AIRCRAFT CONCERNED	Version(s)	
	Civil	Military
AS350	B3	
EC130	B4	

Airbus Helicopters informs you that during the assembly of AS350 B3 helicopters, altimeter indicators P/N 7050A4341041 (calibrated up to 20,000 ft) have been installed instead of altimeter indicators P/N 704A47210085 (calibrated up to 25,000 ft).

Airbus Helicopters will replace P/N 7050A4341041 with P/N 704A47210085 on the helicopters concerned, free of charge and on request, up to August 01, 2016.

To carry out this replacement, please contact the logistics department to place a "RUSH FOC" order according to your needs, indicating the serial number of the helicopters concerned. Contact:

Mrs. Lara Trinette
 Airbus Helicopters
 Etablissement de Marignane
 Direction Ventes et Relations Client
 13725 MARIIGNANE CEDEX FRANCE

For information, it is not necessary to return altimeters P/N 7050A4341041 to Airbus Helicopters.
