

**European Aviation Safety Agency**

## **APPROVAL CERTIFICATE**

**EASA.21J.445**

Pursuant to Regulations (EC) 216/2008 and (EC) 748/2012 and subject to the conditions specified below, the Agency hereby certifies

**Helicopters Italia S.r.l.**

**Via G. Cuboni 12**

**00197 - Roma**

**Italy**

**as a DESIGN ORGANISATION**

**approved according to Part 21, Section A, Subpart J**

**CONDITIONS :**

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference D.O.E., in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

**For the European Aviation Safety Agency,**

**Date of issue: 15 April 2014**

A handwritten signature in blue ink, appearing to read 'Roger Simon', is positioned above the name.

**Terms of Approval**

**Design Organisation Approval Certificate  
EASA.21J.445**

**1. Scope of approval**

This Design Organisation Approval has been granted for:

- designing in accordance with the applicable type-certification basis and environmental protection requirements changes and repairs to aircraft in the following areas:
  - cabin interiors
  - avionics (not including auto pilot function) and their associated electrical interfaces
- and related structure
- demonstrating and verifying the compliance with the applicable type-certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

**2. Categories of products**

Large and small rotorcraft

**3. List of products**

[Not applicable]

**4. Privileges**

(a) The holder of this design organisation approval shall be entitled to perform design activities under Part 21 and within its scope of approval.

(b) [Reserved]

(c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:

1. to classify changes to type design and repairs as "major" or "minor";
2. to approve minor changes to type design and minor repairs;
3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.445";
4. to approve minor revisions to the aircraft flight manual and supplements, and issue such revisions containing the following statement: "Revision No [YY] to AFM (or supplement) ref. [ZZ], is approved under the authority of DOA ref. EASA.21J.445.";
5. to approve the conditions under which a permit to fly can be issued in accordance with 21.A.710(a)(2),
  - (i) except for initial flights of:
    - a new type of aircraft, or
    - an aircraft modified by a change that is or would be classified as a significant major change, or
    - an aircraft whose flight and/or piloting characteristics may have been significantly modified.
  - (ii) except for permits to fly to be issued for the purpose of 21.A.701(a)(15);
6. to issue a permit to fly in accordance with 21.A.711(b) for an aircraft it has designed or modified, or for which it has approved under 21.A.263(c)(6) the conditions under which the permit to fly can be issued, and when the design organisation itself is controlling under its Design Organisation Approval the

configuration of the aircraft and is attesting conformity with the design conditions approved for the flight.

**5. Limitations**

[See in 1, above]

1. Structure is limited to secondary and metallic components.
2. Privilege to approve the flight conditions supporting permits to fly is restricted to the technical capability defined in the scope.

**Date of issue:** 15 April 2014
